

BRIAN M. SCHOTT
HAYWARD BUSINESS OWNER

Since the time my family moved here in 1969, I have been actively involved in Hayward, currently serving on the Hayward Planning Commission. In addition, I am on the St. Rose Hospital Foundation Board and actively involved at All Saints Catholic Church.

I have served as the President of the Hayward Rotary Club, Hayward School's Bond Oversight Committee Member, Chair of the Hayward Hills Neighborhood Task Force, and the Hayward Chamber of Commerce as its Interim President/CEO. A product of Hayward schools, I had student leadership roles at these schools.

Our family business moved to Hayward in 1985 and since that time, has paid over \$60,000,000 in payroll, much of it going to Hayward residents. I know firsthand the value of economic development and more importantly, what it takes to run a business in good times and in tough times with the ability to make tough decisions.

I know Hayward intimately and have met with residents in all parts of Hayward. Their concerns continue to be crime and safety, traffic, neighborhood enhancement, reduction of blight, more retail (especially grocery stores) and better schools.

Hayward needs the leadership that I can offer and humbly ask for one of your votes.
